

Hi kiddos,

Remind has a 120-character limit on announcements that I send to a group, so that's why I'm sending this as an attachment. Wanted to reassure y'all that we will not have the Unit 4 Test the first day we return to school. We'll review the 1st day we're back and test the 2nd day. I gave y'all the review sheets, so make sure to do those and study while we're out (see my blog for Unit 4 assignments and other info). While we're out of school, you should all plan to spend time completing the HerbFest project (remember it's worth TWO test grades). Project info is on blog in the right-hand column. Since Symposium has been cancelled, the new due date, including the paper, is now scheduled for Thursday, April 16 (you must set the project up in room 512 BEFORE 1st block). In the next few days, I will post a link on my blog with the new modifications that we discussed on Friday.

In a nutshell, the major changes are:

- 1) do not put your name on the trifold- only put your NUMBER on the BACK of the trifold (you'll only put your name on the "research" paper...see my blog for requirements regarding the paper)
- 2) You'll need enough of the second (edible) product for both the teachers that come to room 512 during 1st-3rd blocks to judge the project's (usually around 25) and enough for our class during 4th block (20 students & 1 teacher)

Since closing schools because of a pandemic is an unprecedented situation, there's a lot of things to still figure out, so please be patient and flexible. Hope you're all healthy and doing well...that's the most important thing. Take care and I'll be in touch again soon.
